The Lightning are just 8-6-3 after 21 games and have dropped seven of their past eight contests. General manager Steve Yzerman said recently the team must do a better job of scoring. "If we're going to win the Stanley Cup, and hopefully we're going to win the Stanley Cup, it's going to take a pretty good start," Yzerman said. "We have to get better. No sense in beating our chest on what we did in the first half and having a couple of bad results after that. We have to figure out how we're going to improve." [RELATED: How Couture and Vasilevskiy are making Lightning playoff run] The number one thing the Lightning have to improve on is their power-play. The Bolts ranked 23rd in the 30-team NHL during the first half with a 14.2 percent success rate on the man advantage. Tampa Bay has dropped its past five power-play opportunities. The Lightning have had a strong start to the second half, going 5-0-2 during that span. Yzerman said the team's success in October has given them a nice head start on January, when their second-half schedule will ramp up significantly. "We know what we have to do," Yzerman said. "We can use our performance in the first half as a springboard into the second half. We know what to expect."Do lids play a major role in visual search? Then taking photographs is a good way to make some photo albums. With the PhotoStorybook for iPhone you'll now be able to take photos and turn them into an interactive storybook. Read on to find out more about this photo editing tool and why we think you'll love it! PhotoStorybook for iPhone provides simple and fun ways to turn your photos into an interactive book. Photos of your friends and family are neatly arranged in each page, allowing you to flip through them and place those that interest you in the right positions. Choose a page from a set of four patterns and then adjust the number of photos in the book using the pan and zoom tools. To make the most of this app, however, you'll need to be a photographer. You won't be able to create personalized books with pictures taken on your iPhone if you've never used a digital camera. Once you're ready to create your book, you'll need to upload your pictures to the PhotoStorybook app. You can do this online via their website. Once your pictures are online, you'll need to create a free account on the website. You can choose whether you want to have your pictures displayed on your homepage or on a page dedicated to you. Once you've finished uploading, you can then go back to your iPhone, select the photos you want to use, set the book, and then export them. This way, you'll end up with an interactive book that you'll be able to place in your iPod or iTunes. Why we love the PhotoStorybook The PhotoStorybook is a fun and easy way to create an interactive book with your pictures. The app makes it easy for non-photographers to create beautifully-designed photo albums. The
